

**Committee Assignment Report
2017 - 2018**

Dated: 21 July 2017

Important Information Regarding Committee Assignments

The National Society's committee system is important for the continued success of the Sons of the American Revolution. Between Annual Congresses and Leadership Meetings, the National Society's committees are generally responsible for overseeing the various programs, provide advice and recommendations to the Executive Committee and the Board of Trustees and, in general, conduct the business of the society. Committees are authorized and staffed consistent with the following: Bylaw No. 18 (Executive Committee), Bylaw No. 19 (Standing Committees), Bylaw No. 20 (Nominating Committee) and Bylaw No. 21 (Special Advisory Committees and Program Committees). The Bylaws authorize the President General to form other committees as necessary.

Reports from each committee chair are distributed at each Leadership Meeting and published as a bound volume to each delegate attending the Annual Congress. In addition, committee chairs are encouraged to publish meeting notes following each Leadership Meeting.

This document contains the list of 2017-2018 National Society Committees. Each committee listing contains a brief description of the purpose of the committee and identifies committee chairs, vice chairs and other committee assignments. Certain committee memberships (i.e. Color Guard and C.A.R. Liaison) are significantly larger than the list in this report; the present list contains those individuals who regularly attend National Society meetings. Although committee assignments will be updated in the Member Database, this list is the official committee assignment and participation list.

Active participation in the committee process is essential for operation of the National Society. Compatriots interested in serving on a particular committee should contact the President General or the committee chair. The President General approves all committee appointment requests; National Headquarters cannot make changes to committee membership without the President General's authorization. Compatriots needing to make corrections to their contact information should contact National Headquarters.

This Committee Report will be updated periodically to reflect changes in committee membership.
